Important Notices

Nature of this document: The purpose of this presentation is to provide general information about Coda Minerals Limited (ACN 625 763 957) (the 'Company'). Unless otherwise stated herein, the information in this presentation is based on the Company's own information and estimates as at the date of this presentation. In attending this presentation or viewing this document you agree to be bound by the following terms and conditions.

Not an offer or advertisement: This presentation is for information purposes and does not constitute or form any part of any offer or invitation to sell or issue, or any solicitation of any offer to purchase or subscribe for, any securities in the Company in any jurisdiction. This presentation and its contents must not be distributed, transmitted or viewed by a person in any jurisdiction where the distribution, transmission or viewing of this document would be unlawful under the securities or other laws of that or any jurisdiction. In particular, this presentation may not be distributed or released, directly or indirectly, in the United States. This presentation does not constitute an advertisement for an offer or proposed offer of shares. Neither this presentation nor anything contained in it forms the basis of any contract or commitment and it is not intended to induce or solicit any person to enter into, or refrain from entering into, any contract or commitment.

Not financial product advice: This presentation does not take into account the individual investment objectives, financial situation and particular needs of each of the Company's shareholders or potential investors. You may wish to seek independent financial and taxation advice before making any decisions in respect to this presentation. Neither the Company nor any of its related bodies corporate is licensed to provide financial advice in respect of the Company's securities or any other financial products.

Forward-looking statements: Certain statements in the presentation are or may be perceived as "forward looking statements" and represent the Company's intentions, projections, expectations or beliefs concerning, among other things, future operating and exploration results or the Company's future performance. You are cautioned not to place undue reliance on any forward looking statement. These forward looking statements are based on current expectations at the date of this publication. The projections, estimates and beliefs contained in such forward looking statements necessarily involve known and unknown risks and uncertainties, and are necessarily based on assumptions, which may cause the Company's actual performance and results in future periods to differ materially from any express or implied estimates or projections.

Disclaimer: No representation or warrant, express or implied, is made by the Company that the material contained in this presentation will be achieved or prove to be correct. Except for statutory liability which cannot be excluded, each of the Company, its directors, officers, employees, advisers, agents and contractors expressly disclaims any responsibility for the accuracy, fairness, sufficiency or completeness of the material contained in this presentation, or any opinions or beliefs contained in this presentation, and excludes all liability whatsoever (including negligence) for any loss or damage which may be suffered by any persons as a consequence of any information in this presentation or any error or omission therefrom. The Company is under no obligation to update or keep current the information contained in this presentation or to correct any inaccuracy or omission which may become apparent, or to furnish any person with any further information. Any opinions expressed in the presentation are subject to change without notice.

Unverified information: This presentation may contain information (including information derived from publicly available sources) that has not been independently verified by the Company.

Rare Investment Opportunity

ADVANCED ELIZABETH CREEK COPPER PROJECT

- **\$5.6 Million** spent to date.
- **159kt Cu** and **9.4kt Co** - JORC 2012 compliant Indicated Resources.

SIGNIFICANT GROWTH STORY

- Targeting **1.5Mt of Copper Eq in 2020/21** plus massive IOCG potential.
- **Emmie Bluff Exploration Corridor.**

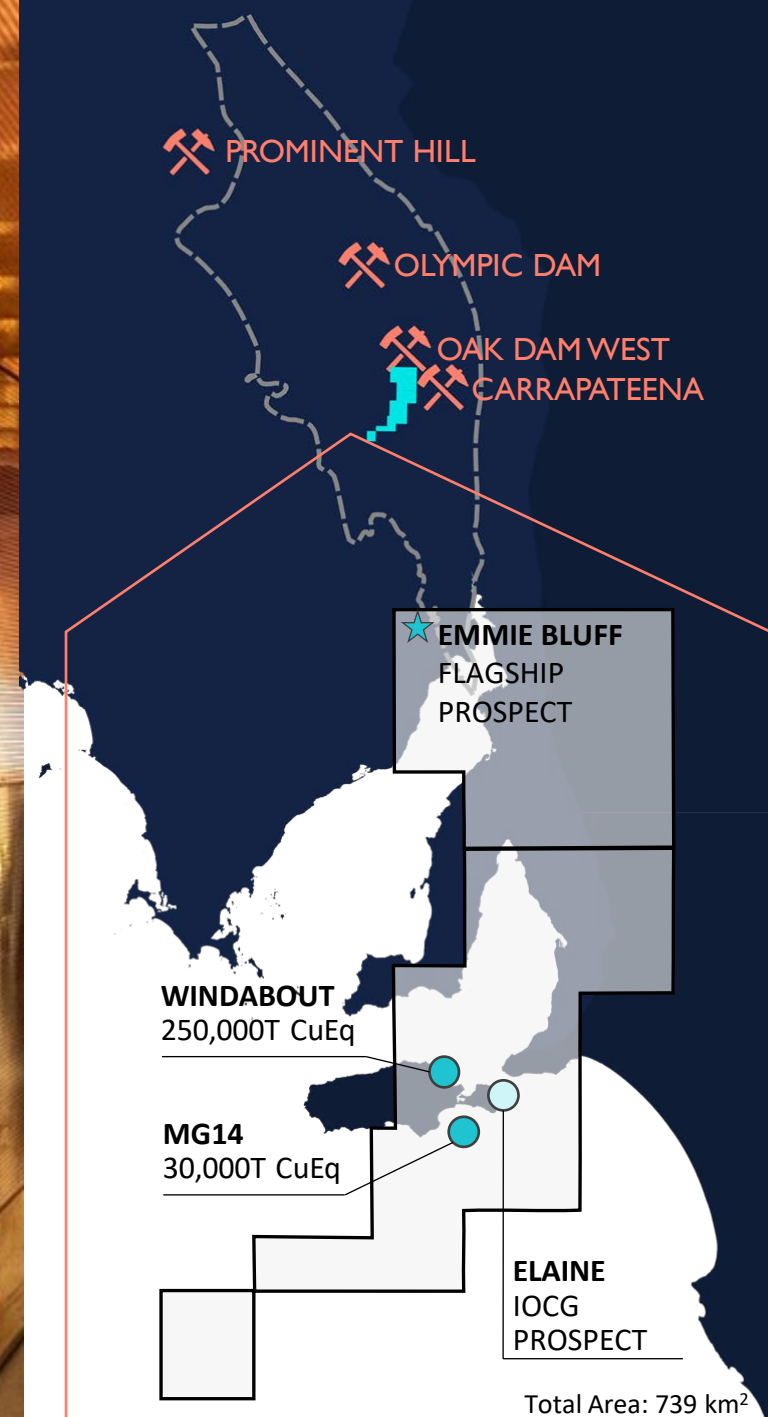

WORLD CLASS MINING PROVINCE

- Prime exploration tenure in **elephant country.**
- Extensive associated infrastructure.

ETHICAL AND SUSTAINABLE SUPPLY

- **Copper and Cobalt** for a **low carbon economy.**

Corporate Structure

Current Capital Structure

Shares on Issue:	57,183,850
Options on Issue (Unlisted)	6,000,000
Board and Management:	18%
Top 20 Shareholders:	74%
Cash in Bank (July 2020)	\$ 5.9M

Top 5 Shareholders

Rank	Shareholder	%IC
1	Angang Group Hong Kong Limited	20.8
2	Mr Keith Francis Jones (Coda Chairman)	12.4
3	Sunset Capital	6.1
4	Cossack Holdings	3.5
5	Ms Linlin Li	3.4

Keith Jones

NON-EXECUTIVE CHAIRMAN

Chartered Accountant and senior mining industry leader with over 40 years of corporate advisory experience including Chairman of Deloitte Australia.

Currently Chairman of Cannings Purple and Non-Executive Director of Ora Banda Mining.

Colin Moorhead

NON-EXECUTIVE DIRECTOR

Highly experienced exploration and mine geologist, immediate past president of the AUSIMM, former member of JORC Committee.

Held senior roles including CEO PT Merdeka Copper Gold Tbk, EGM Minerals at Newcrest Mining Ltd, Australia and Geology Manager at Gosowong Gold.

Robin Marshall

NON-EXECUTIVE DIRECTOR

Experienced mining executive previously involved in managing the successful delivery of some of the world's largest resource projects, including Chairman of the Gruyere Steering Committee, major iron ore projects for BHP Billiton Iron Ore and North Limited.

Paul Hallam

NON-EXECUTIVE DIRECTOR

Accomplished resource industry leader who has been directly responsible for the delivery and operation of 11 gold, base metals, and iron ore projects over 40 years.

Former executive at FMG, Newcrest and current NED of Sandfire Resources.

Chris Stevens

CHIEF EXECUTIVE OFFICER,
DIRECTOR

Mineral economist, feasibility and project valuation specialist. Previously, CEO of Gindalbie Metals where he led the acquisition and demerger in 2019. Former Director of Mining Operations Consulting at PwC, held senior commercial and consulting roles across mining and oil and gas.

Telma Southgate

CFO & COMPANY SECRETARY

Chartered Accountant with 20 years of Corporate and Professional Services experience. Specialist in management and financial optimisation of exploration and mining operations.

Previously GM Finance at Optus Stadium and State Commercial Manager at Stockland.

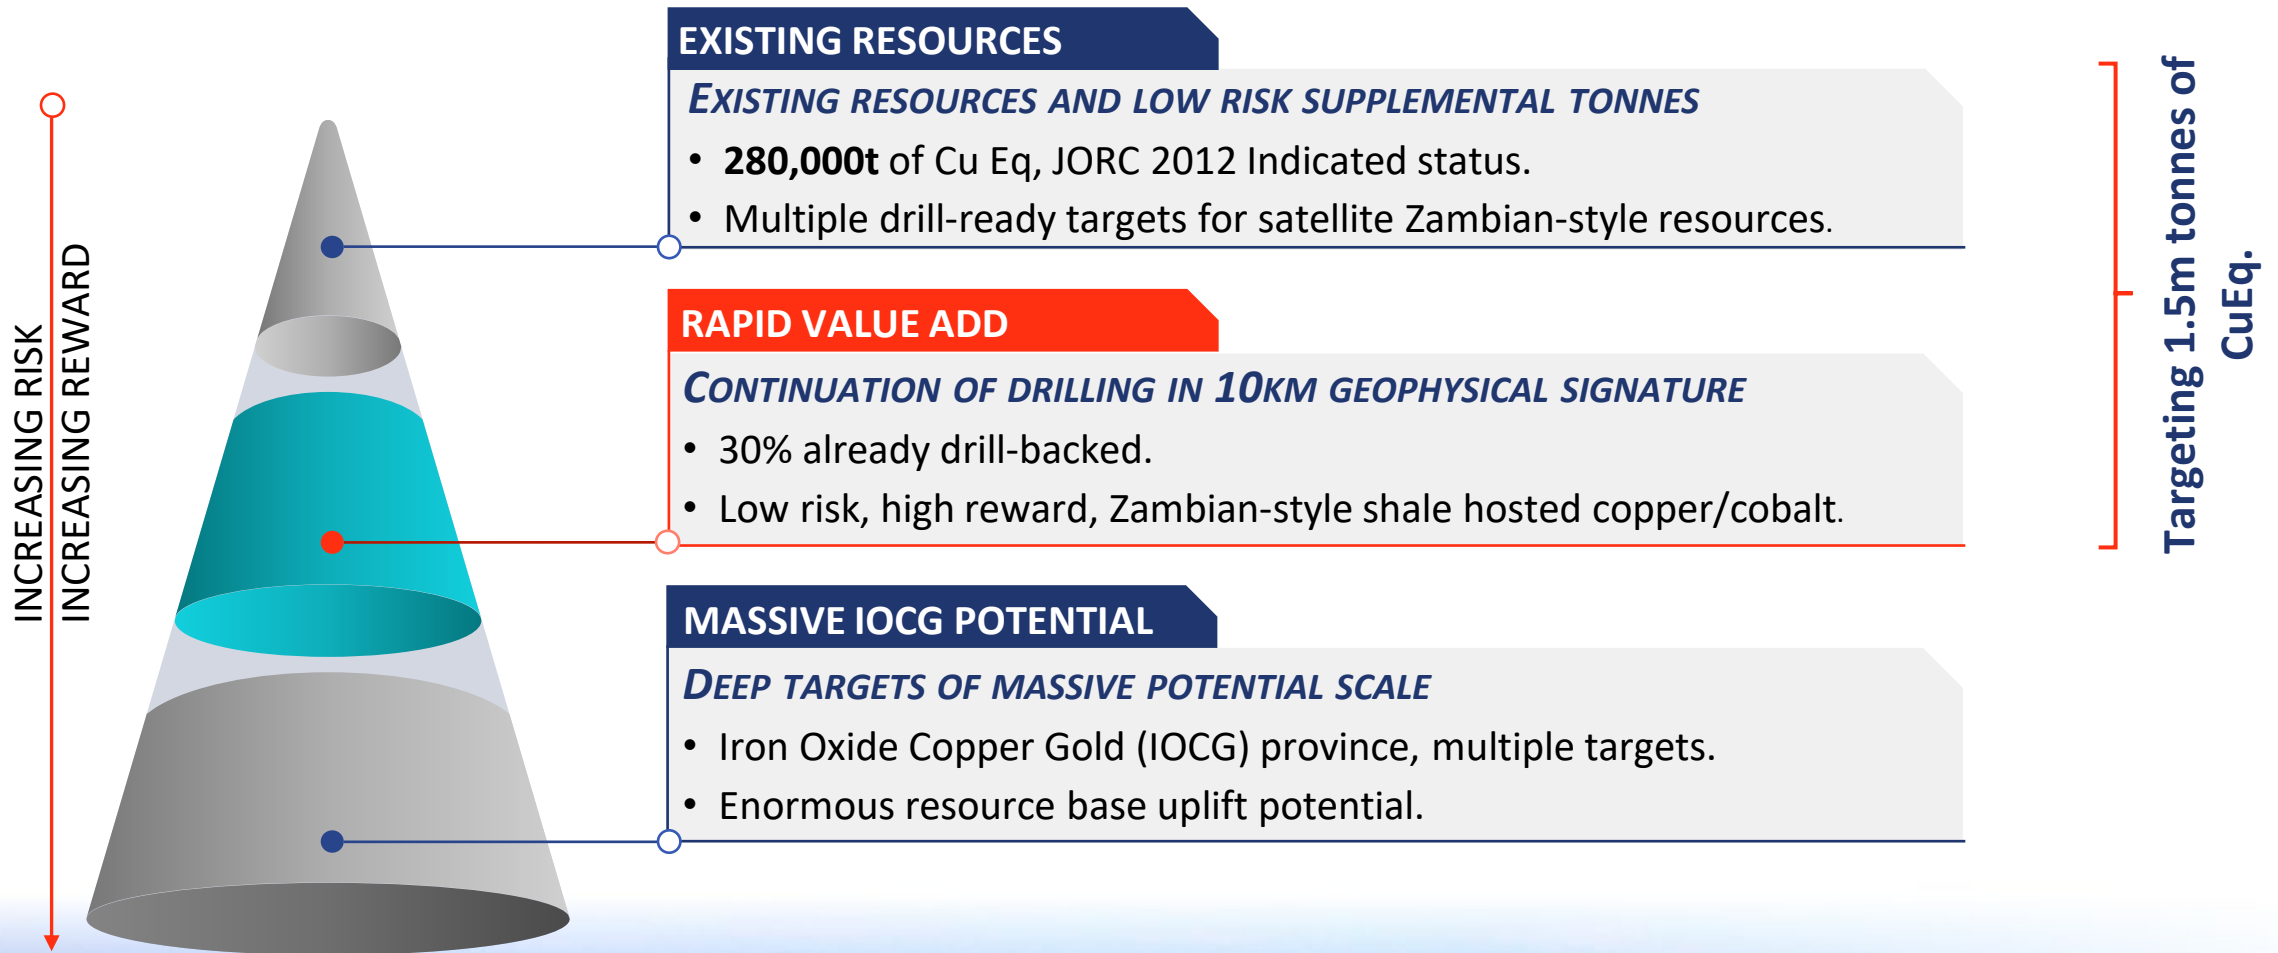

Matt Weber

MANAGER – GEOLOGY

Exploration geologist and mineral economist with over a decade's exploration experience working with Rio Tinto and multiple exploration companies across Western Australia focussing on gold, iron ore and base metals.

Value creation through risk weighted exploration

Coda is targeting more than 1,500,000 tonnes of Copper Eq in 2020/21 plus massive IOCG potential.

Emmie Bluff Exploration Target

Emmie Bluff Exploration Target defined in June 2019 offers potential for significant uplift in the resource base.

BASED ON DRILLING

17 diamond drill holes, 3km strike, 400m deep

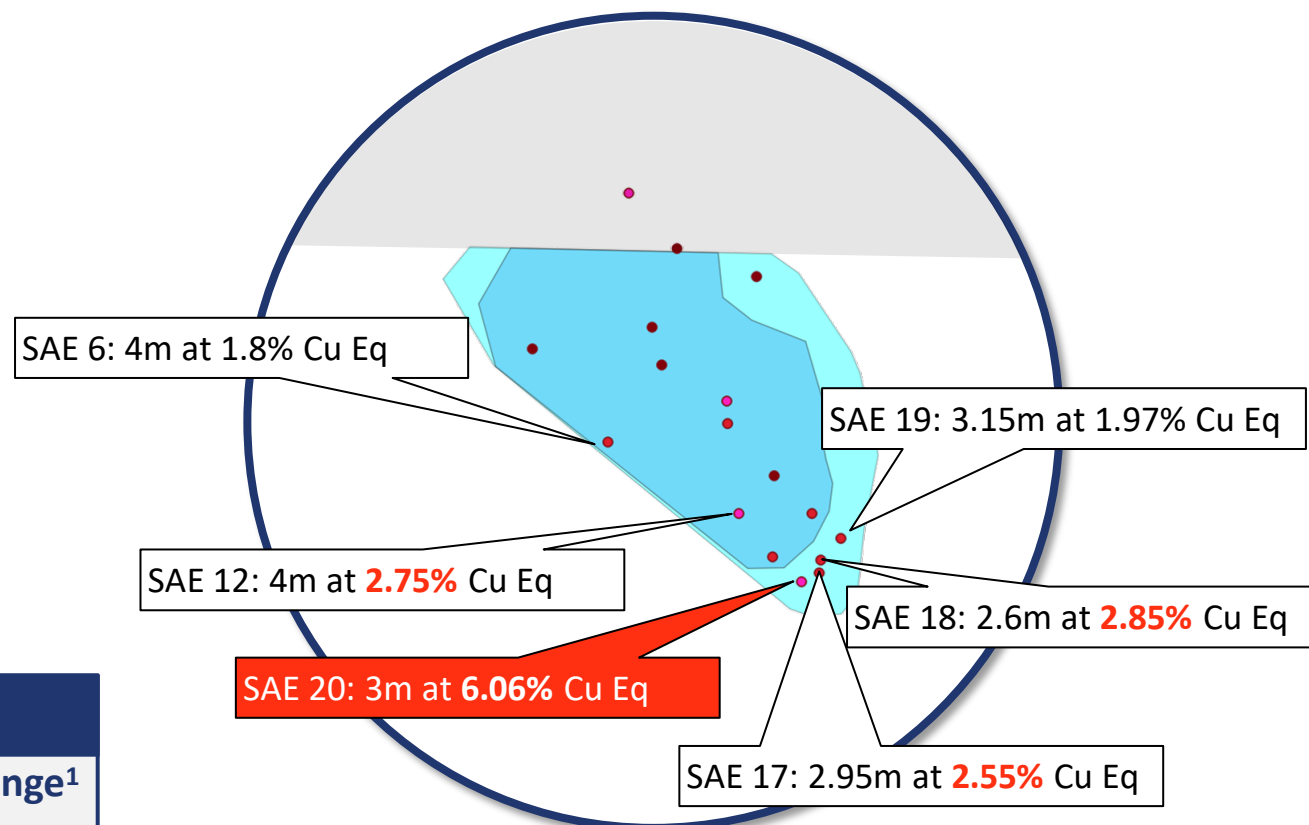

FAVOURABLE DEPOSIT GEOMETRY

Easily mineable and highly extractable

GEOPHYSICS INDICATES EXPANSION POTENTIAL

Independent coincident geophysical anomalies
Demonstrate growth potential to the southeast.

The Company notes that the potential quantity and grade of the Exploration Target is conceptual in nature, and that there has been insufficient exploration to estimate a Mineral Resource. It is uncertain whether further exploration will result in the estimation of a Mineral Resource.

Emmie Bluff Exploration Target ¹				
Tonnage Range (Mt)	Cu Range (%)	Co Range (%)	Ag Range (g/t)	Cu Eq. Range ¹ (%)
43 - 72	0.34 - 1.5	0.02 - 0.10	5 - 19	0.5 - 2.3

MT Redefines the Emmie Bluff Prospect

Potential for substantial expansion of Emmie Bluff supported by Magnetotelluric modelling.

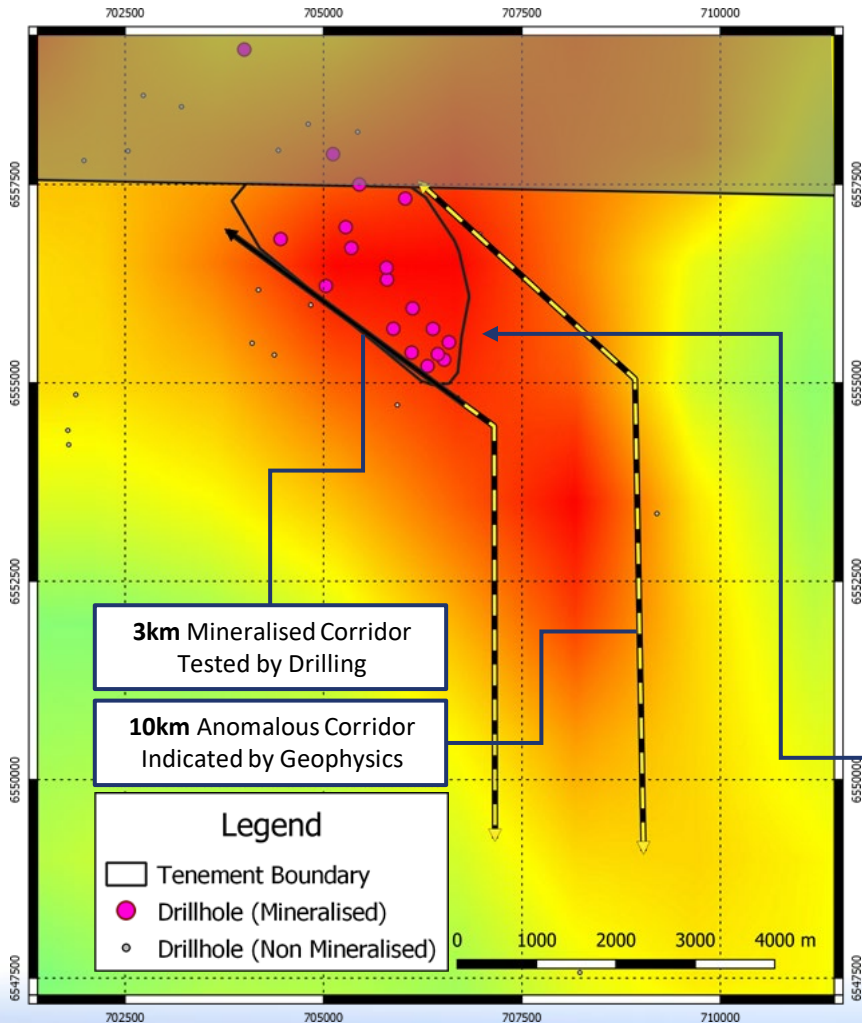

MT PROVIDES NEW EXPLORATION TOOL

EM Response ideal for Zambian-style sediment hosted copper.

ANOMALISM EXTENDS SUBSTANTIALLY BEYOND DRILLING

Opens vast, untapped Emmie Bluff Exploration Corridor to the south.

EXPLORATION TARGET COVERING 30% OF TOTAL ANOMALY

- 43-72 Mt at 0.34 – 1.5% Cu, 0.02 - 0.06% Co and 5 – 19 g/t Ag¹
- Only 3.3km of mineralisation defined by drilling.

EMMIE BLUFF EXPLORATION CORRIDOR

- 10 km of strike defined by pronounced MT anomalism.
- 70% is undrilled to target depth.

Seismic Confirms MT and Triggers Drilling

Newly released seismic survey results coincide closely with MT signature – overwhelming geophysical evidence for a continuation of the host rock embayment.

SEISMIC RESULTS MIMIC MT ANOMALISM

Depth and plan-view scale both in close agreement

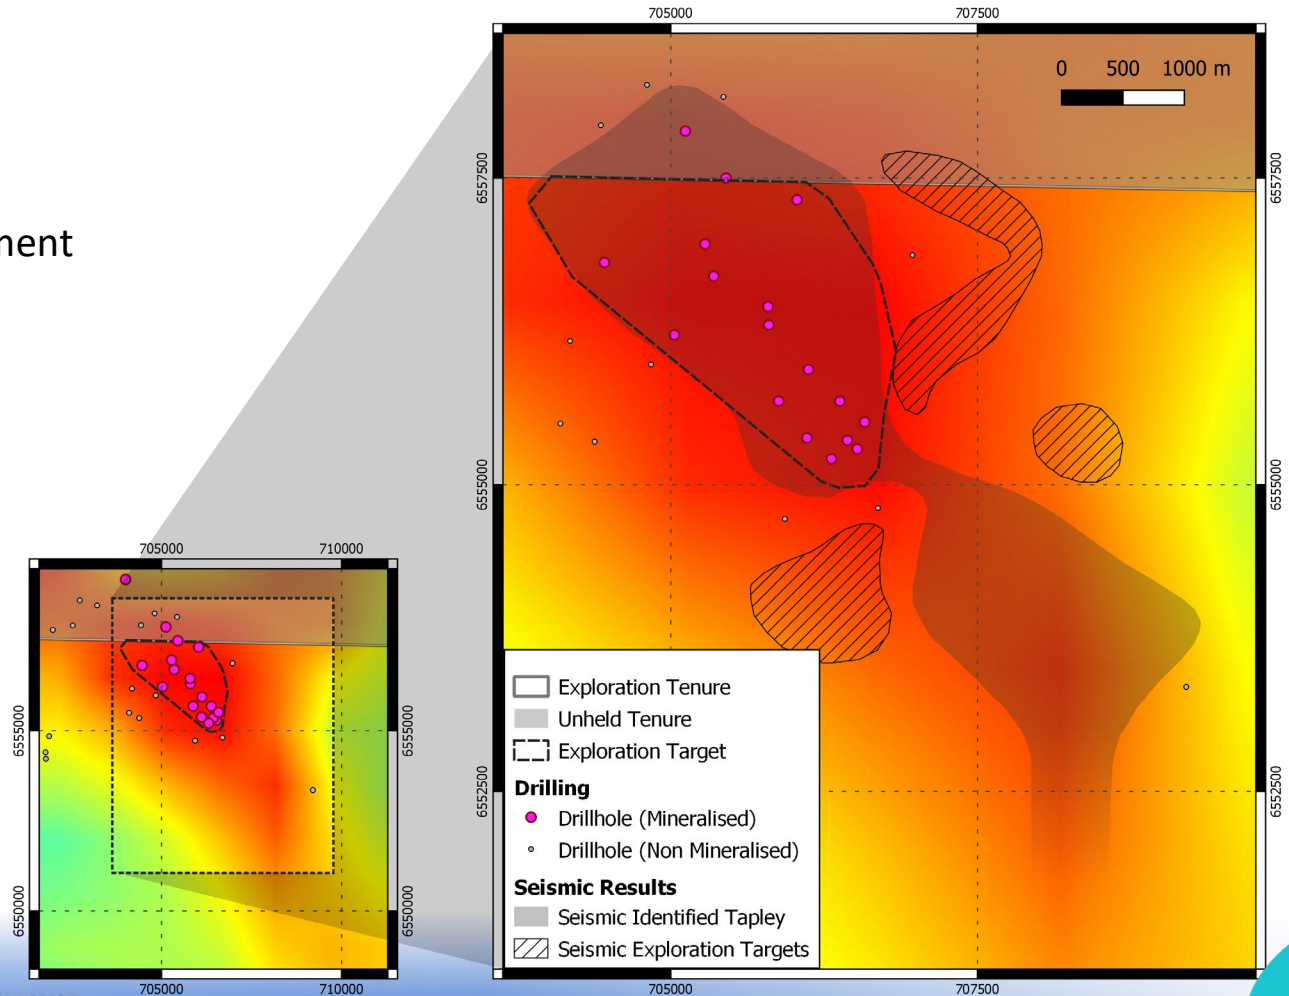

MINERALISED EMBAYMENT DOUBLED

Remains open to the south

DRILLING APPROVALS IN PLACE

Drilling to commence before end of 2020

IOCG Prospectivity and Principal Targets

Priority IOCG targets in the Elizabeth Creek Project have been ranked and prioritised for further exploration.

Emmie Bluff Deeps

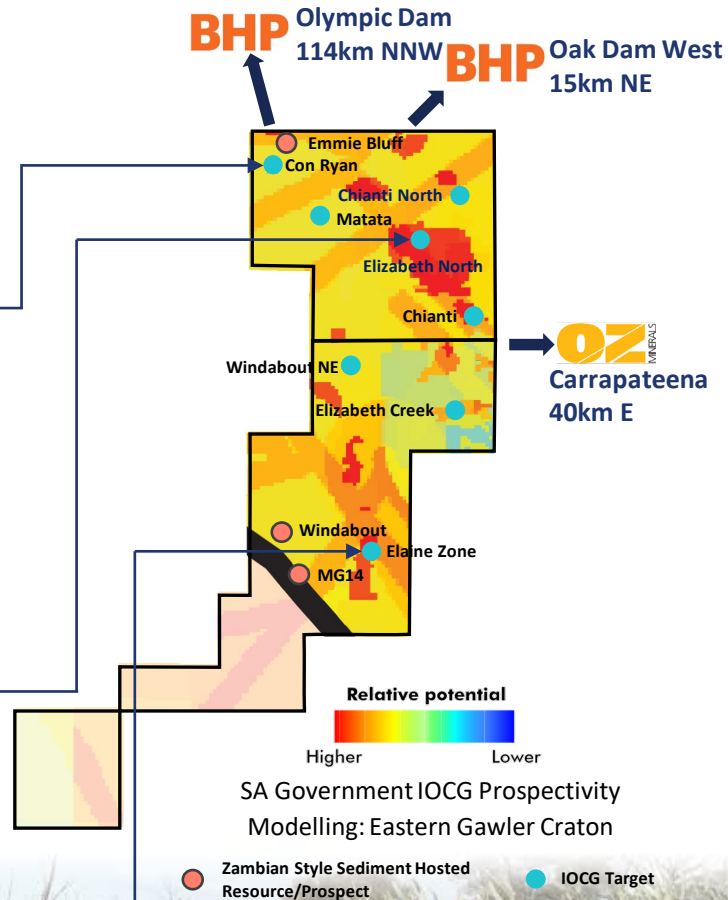

- Historical drilling establishes IOCG system in the area.
- MT interpretation suggests crustal scale vertical conductor <5km south of historical drilling.

Elizabeth North/Chianti North

- Complex basement geometry apparent from gravity and magnetic anomalism.
- Evidence at each prospect from historical drilling or geophysics warrants further attention.

Elaine

- Magnetic and gravity targets in promising structural environment.

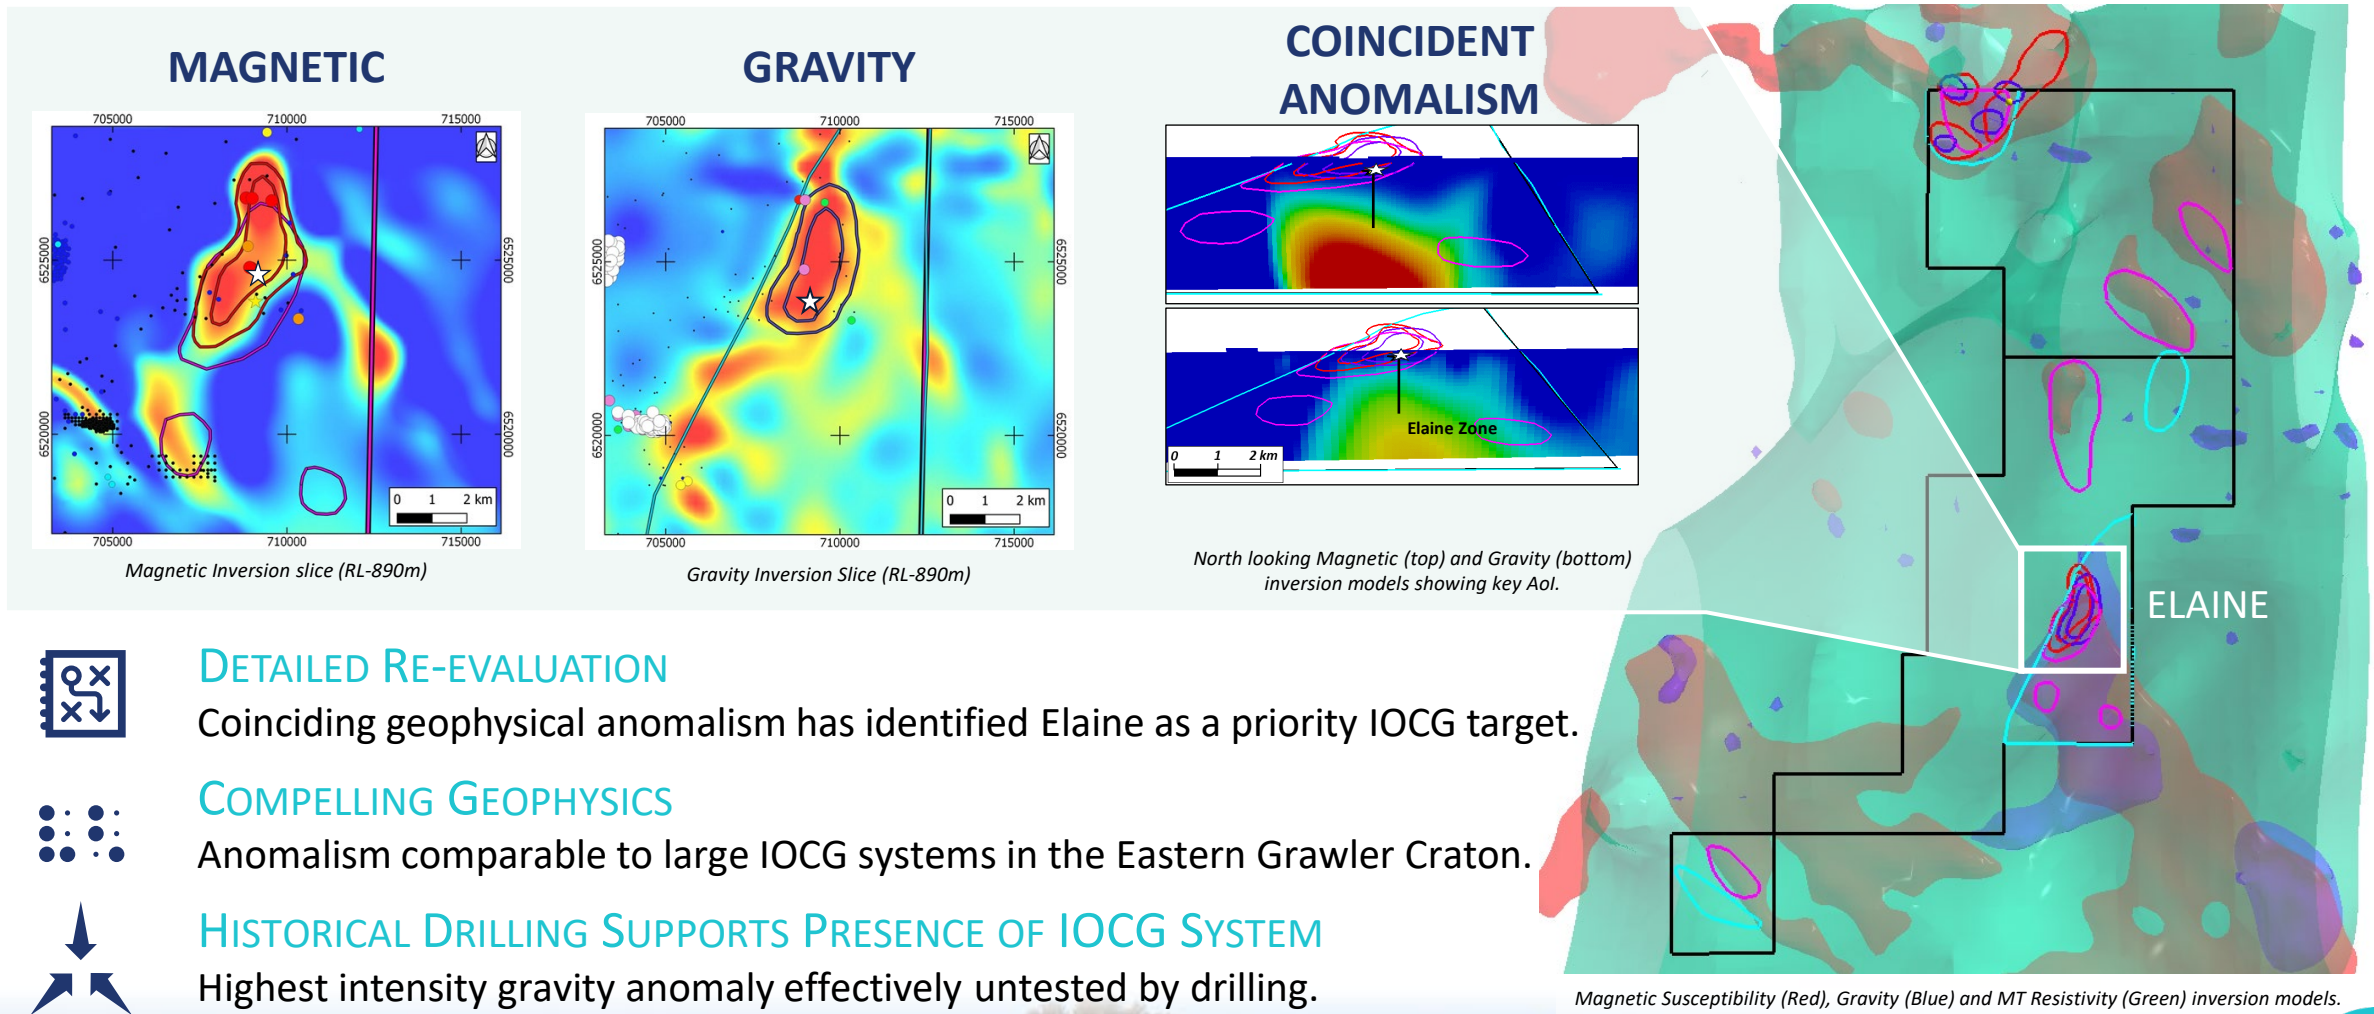

DETAILED GEOPHYSICAL REVIEW
HIGHLIGHTS **EMMIE BLUFF DEEPS**
AND **ELAINE**

GEOPHYSICAL SURVEYS
PROPOSED TO DE-RISK PRIORITY
TARGETS

Detailed Study Opens New Opportunities

DETAILED RE-EVALUATION

Coinciding geophysical anomalism has identified Elaine as a priority IOCG target.

COMPELLING GEOPHYSICS

Anomalism comparable to large IOCG systems in the Eastern Gawler Craton.

HISTORICAL DRILLING SUPPORTS PRESENCE OF IOCG SYSTEM

Highest intensity gravity anomaly effectively untested by drilling.

Exploration and Resource Expansion

Coda's existing Zambian-style mineral resources have scope to grow through resource expansion drilling and the exploration of satellite deposits in and around the historic Mt Gunson mining centre.

MG14

JORC 2012 compliant Indicated Mineral Resource 1.83 MT @ 1.24%Cu, 0.03% Co, 14 g/t Ag, 31,000 T Contained Cu Eq

MG14 Expansion

- Resource remains open to the west, unconstrained by geology or drilling.
- Northern growth potential opened up by Coda's seismic exploration.

Powerline

- Previously unrecognised Tapley shale straddling a major mineralised structure.
- Minor historic drilling with anomalous Cu.

Hannibal

- MT anomaly of comparable scale and expression to Emmie Bluff.
- Undrilled to date, but nearby holes suggest favourable palaeosurface geometry.

Windabout

JORC 2012 compliant Indicated Mineral Resource. 17.67 MT @ 0.77% Cu, 0.05% Co, 8 g/t Ag, 249,000 T Contained Cu Eq.

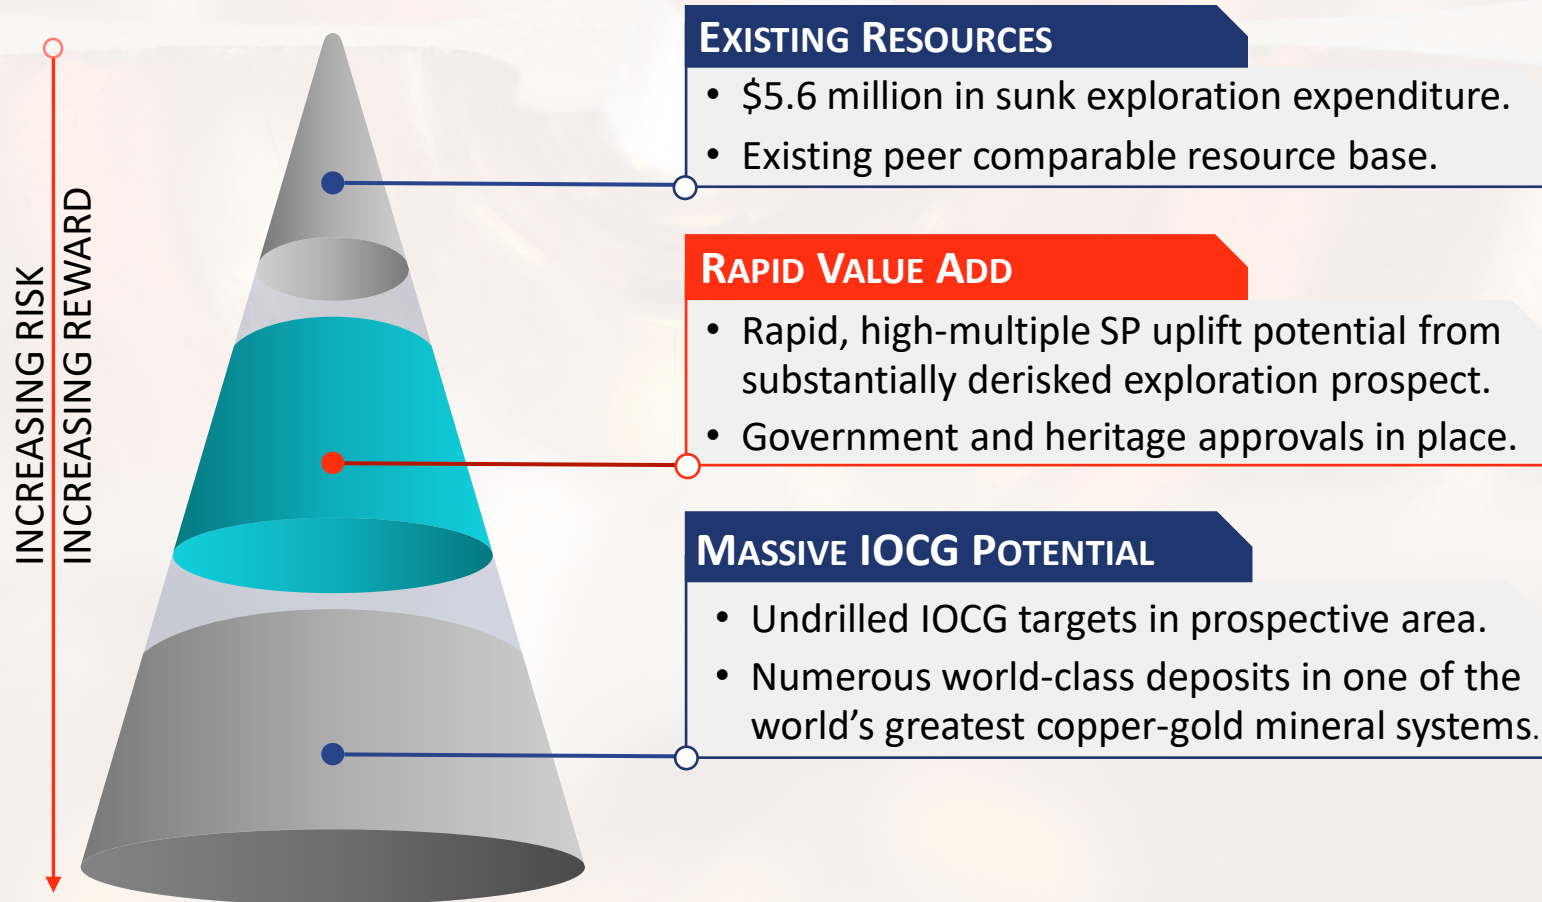

All existing resources and targets are Zambian style shale hosted copper.

Full processing compatibility with Emmie Bluff is anticipated.

Value Drivers

Exploration strategy focused on delivering rapid shareholder returns.

Summary

SIGNIFICANT EXPLORATION POTENTIAL

Appendix A: Statements

Mineral Resources & Competent Person Statement

Mineral Resources and Exploration Targets

- 1. MG14 Indicated Mineral Resource:** The information is extracted from the report entitled "Mt Gunson Copper-Cobalt Project Update" created on 19 January 2018 and is available to view on <https://www.asx.com.au/asxpdf/20180119/pdf/43qxphjd18l2x0.pdf>. The company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and, in the case of estimates of Mineral Resources or Ore Reserves, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. The company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.
- 2. Windabout Indicated Mineral Resource:** The information is extracted from the report entitled "Mt Gunson Copper-Cobalt Project Update" created on 19 January 2018 and is available to view on <https://www.asx.com.au/asxpdf/20180119/pdf/43qxphjd18l2x0.pdf>. The company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and, in the case of estimates of Mineral Resources or Ore Reserves, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. The company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.
- 3. Emmie Bluff Exploration Target:** The information is extracted from the report entitled "Initial Exploration Target at Emmie Bluff" created on 19 June 2019 and is available to view on <https://www.asx.com.au/asxpdf/20190619/pdf/445yk7d7vkq685.pdf>. The company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and, in the case of estimates of Mineral Resources or Ore Reserves, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. The company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.

Competent Person Statement for JORC 2012 Mineral Resources

This report was prepared in accordance with the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves' ("JORC Code") by Tim Callaghan, who is a Member of the Australian Institute of Mining and Metallurgy ("AusIMM"), has a minimum of five years' experience in the estimation and assessment and evaluation of Mineral Resources of this style and is the competent Person as defined in the JORC Code. This announcement accurately summarises and fairly reports his estimations and he has consented to the resource report in the form and context it appears.

The MG14 and Windabout Mineral Resource at the Mount Gunson Copper-Cobalt Project has been estimated by Mr Tim Callaghan, an external consultant, and is reported under the 2012 Edition of the Australasian Code for reporting of Exploration Results, Mineral Resources and Ore Reserves (see Gindalbie Metals ASX announcement 19 January 2018 titled: Mt Gunson Copper-Cobalt Project Update).

Competent Person Statement for JORC 2012 Exploration Target

Information relating to the Exploration Target and Exploration Results for Emmie Bluff is based on, and fairly represents, information and supporting documentation compiled by Craig Went, a Senior Associate Geologist of Mining & Process Solutions Pty. Ltd. Mr Went is a Member of the Australasian Institute of Mining and Metallurgy ("AusIMM"), and has a minimum of five years' experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves' ("JORC Code"). Mr Went consents to the inclusion of the matters based in this ASX Release on his information in the form and context in which it appears.

Appendix B: Board and Management Extended Bio

Keith Jones BBus, FCA, FAICD, FFin

Non-Executive Chairman

Mr Jones is an experienced public company Chairman with a background of over 40 years professional experience providing advisory and consulting services to the mining and resources sector. Mr Jones served for 10 years on the Board of Deloitte Australia and was elected Chairman of Deloitte Australia for four years. He is the former Chairman of Gindalbie Metals Limited and currently serves as the Chairman of Cannings Purple and Non-Executive Director of ASX listed Ora Banda Mining Limited. Mr Jones has significant executive leadership experience serving for 15 years as the Managing Partner of Deloitte in Western Australia and as Leader of the National Chinese Services Group and National Energy and Resources Group. As a Partner of Deloitte, Mr Jones provided Audit, Corporate Finance and Advisory Services to a wide range of corporate clients with a focus on the resources sector. He has also advised on numerous transactions, capital raisings, valuations and takeovers as advisor or expert.

Robin Marshall I.Eng (UK), MAICD

Non-Executive Director

Mr Marshall has previously been involved in managing the successful delivery of some of the world's largest resource projects, including major iron ore projects for BHP Billiton and North Limited. At Vale Inco, he held the position of Project Director with responsibility for delivery of the multi-billion dollar Goro Nickel Project in New Caledonia through to its commissioning in early 2009. At BHP Billiton Iron Ore, Mr Marshall held the position of Vice President – Asset Development Projects with responsibility for the development of a number of projects in the first wave of expansion in the iron ore business sector. In addition to these roles, Mr Marshall also previously held key positions of Project Manager for the West Angelas Iron Ore Project with North Limited, Project Director with Iron Ore Company of Canada, Manager Projects for Forresteria Gold/LionOre Australia, Manager Engineering & Project Services for Western Mining Corporation and Project Manager for Nedpac (Signet Engineering).

Paul Hallam BE(Hons)Mining, FAICD, FAU SIMM

Non-Executive Director

Mr Hallam has more than 40 years Australian and international resource industry experience. His operating and corporate experience is across a range of commodities (iron ore, bauxite, alumina, aluminium, gold, silver, copper, zinc and lead) and includes both surface and underground mining. Mr Hallam retired in 2011 to pursue a career as a professional non-executive director. He has held Australian and international non-executive director roles since 1997. His former executive roles include Director – Operations with Fortescue Metals Group, Executive General Manager – Developments & Projects with Newcrest Mining Limited, Director – Victorian Operations with Alcoa and Executive General Manager – Base and Precious Metals with North Ltd. Mr Hallam is a qualified mining engineer and holds a BE (Hons) from Melbourne University and a Certificate of Mineral Economics from Curtin University. He is a Fellow of the Australian Institute of Company Directors and the Australasian Institute of Mining & Metallurgy.

Colin Moorhead BSc(Hons) FAusIMM (CP) GAICD

Non-Executive Director

Mr Moorhead is an experienced mining professional. He is well recognised in the mining industry, including building safe, successful and highly regarded technical teams; ability to develop and deliver strategy, culture and governance; a thorough understanding of the technical, legal and commercial aspects of the mining business with an exposure to many different cultures and operating environments. Also recognised as a leader in the areas of health, safety, environment and community. Prior to joining Coda Minerals, he served as CEO PT Merdeka Copper Gold Tbk (2016-2018), EGM Minerals, Newcrest Mining Ltd, Australia (2008- 2015), GM Resources & Reserves of the same company (2006- 2008), Geology Manager, PT Nusa Halmahera Minerals, Gosowong Gold Mine, Indonesia (2003-2006), Technical Services Manager, Cadia Holdings Ltd, NSW, Australia (1997-2003), and various other positions in the mining industry in a career spanning 29 years since 1987. Mr. Moorhead a former member of The JORC Committee and also served as President of the Australasian Institute of Mining and Metallurgy (AusIMM) for 2017-2018.

Zhu Changjiang Bachelor of Mining Mechanical Engineering

Non-Executive Director

Mr Zhu is an experienced mining engineer. Mr Zhu has been with Ansteel since 1987 and is now the CEO of Karara Mining Limited (a wholly owned subsidiary of Ansteel). He joined the Board of Coda as a Nominee of Ansteel Mining on 22 May 2020.

Appendix B: Board and Management Extended Bio

Chris Stevens BA (Hons), MA (Oxon), MSc, GAICD

Chief Executive Officer, Director

Mr Stevens is an experienced resources executive and mineral economist who, prior to joining Coda Minerals, held the role of CEO at Gindalbie Metals and was instrumental in the negotiation and implementation of the successful demerger of Coda Minerals from Gindalbie and the acquisition of Gindalbie by Ansteel. Prior to joining Gindalbie, Mr Stevens was the Western Australian Mining Consulting Lead at PricewaterhouseCoopers (PwC), where he managed professional teams to devise strategy, evaluate investment options and assist in delivery of major transactions for various ASX listed mining and energy companies. Mr Stevens has held senior roles in the mining industry including General Manager- Commercial at Asia Iron and Commercial Manager at Gindalbie Metals.

In addition to his executive resources experience, Mr Stevens has over 18 years' experience working with Chinese companies in commercial consulting and private equity. Mr Stevens holds an Honours degree from the University of Oxford, a Master of Science in Mineral Economics from Curtin University, and is a fluent Chinese and Spanish speaker.

Telma Southgate Bcom, CA

Chief Financial Officer & Company Secretary

Mrs Southgate is a Chartered Accountant with 20 years of Corporate and Big 4 Professional Services experience in Perth, Sydney and London across a range of industries. Prior to joining Coda, she was the General Manager of Finance at Optus Stadium in Perth responsible for the Finance and HR functions and was part of the Executive Team. She was also part of the opening team that established the Stadium's operations and was instrumental in developing the finance function and stakeholder management.

Prior to this, she was the State Commercial Manager for Stockland (an ASX 50 listed company and one of Australia's largest diversified property groups) and a Director at PwC and Deloitte Transaction Services focusing on mining clients and public transactions.

Matt Weber BSc, BSc, MSc

Manager – Economics & Geology

Mr Weber is an exploration geologist with approximately ten years' experience in the WA mining and exploration sector. Prior to his time at Gindalbie, Mr Weber held a role in the resources policy division at the WA Department of Mines, Industry Regulation and Safety. Mr Weber has previously held exploration geology roles across a number of small exploration companies, focussing on gold, iron ore and base metals, and spent time as a member of the exploration team for Rio Tinto in their Pilbara iron operations. Mr Weber holds bachelor's degrees in Applied Geology and Environmental Biology, and a Master of Science in Mineral Economics from Curtin University.
